

The 2017 Sports Science Summit

24th - 26th
January 2017
Location: **Online**

Covering a broad range of topics within sports science, this three day event will provide plenty of opportunity for networking and debate. This informal international meeting will bring you up to date with current research and thinking regarding enhancing performance, together with the application of treatment and prevention of injuries related to sports medicine and technology.

We encourage presentations from the wide spectrum of sports professionals, including physiology, psychology, biomechanics and nutrition.
